REVISED NOTICE OF  
FILING AND HEARING

DOCKET NO. 2005-15-C

On October 5, 2004, in Docket No. 2003-221-C, the Public Service Commission of South Carolina (the "Commission") issued Order No. 2004-466, wherein the Commission held that a generic proceeding should be established to address the appropriate rate classification or rate structure for telephone lines located in elevators and for telephone lines located in proximity to swimming pools. Further, the Commission, in Order No. 2004-466, established the generic proceeding so that the Commission may receive relevant information related to the potential impact of reclassification of these types of telephone lines, i.e., those telephone lines required by regulation or code for safety or emergency use, such as telephone lines required to be located in elevators or in proximity to swimming pools. According to the Commission, in Order No. 2004-466, relevant information on the reclassification of such telephone lines could include, in part, information related to reclassifying the telephone lines from business to residential or could include information on a new or separate classification for such telephone lines.

A copy of Commission Order No. 2004-466 is on file in the offices of the Public Service Commission of South Carolina, 101 Executive Center Drive, Columbia, South Carolina 29210 and is available on the Commission's website at [www.psc.state.sc.us](http://www.psc.state.sc.us).
